

GREENEX BEGONIA ASSORTMENT 2022

BEGONIA KOPPE®

In close cooperation with the leading and well-known Begonia breeder Koppe from Holland, Greenex proudly offers a very high quality and uniform size of cuttings from our production facility in Vietnam.

Koppe had their first crossings of Begonia's conducted in the late eighties. Since year 2000 the Begonia breeding program has yearly been expanded. Koppe's many years of experience and ongoing professionalization have made them the world's most innovative breeder of Begonia elatior.

Important varieties originated from Koppe are: Baladin, Barkos, Berseba Series, Binos Series, Borias and Borias Dark just to mention a few.

The "Barkos Collection" has been extremely significant in improving the image of Begonia elatior among consumers. All these varieties stands for very long and good shelf life, feature highly double-flowering blooms, and have beautiful color. Due to their good shelf life, the Barkos varieties are also suitable for production during the cold winter months.

For more information feel free to contact one of our representatives and visit [Greenex.com](https://www.greenex.com).
