SCHLUMBERGERA 'ZYGO CACTUS' THOR®

Greenex proudly represents the leading Schlumbergera breeder Thor® by Thoruplund AS, Denmark.

With production facility in Vietnam, Greenex is able to offer cuttings in very high and uniform quality.

In recent years, the breeding of the Thor® varieties has been focusing on nicely branching plants with smaller leaves of which the New Generation® Series is a first-class result. Furthermore, New Generation® can be characterized by its compact and sturdy plants with beautiful flowers.
