

GREENEX LAVANDULA STOECHASE BUTTERFLY GARDEN®

LAVANDULA STOECHASE BUTTERFLY GARDEN®

Greenex proudly represents Butterfly Garden® and their extensive range of Lavandula stoechase.

The Butterfly Garden® Series consists of several varieties especially bred for modern programmed production. Our varieties allows you to cover the total sales season, from early spring until late autumn, with high-quality products. Production time from potting to sales is in average 11 weeks.

Our Series offers a selection of varieties boasting long-lived flowers with large, eye-catching butterfly-like 'wings' on full-bodied compact plants. Lavandula stoechase exhibits a marked contrast between leaf and flower colour and features excellent shelf life, throughout the whole chain.

For more information feel free to contact one of our representatives and visit [Greenex.com](https://www.greenex.com).
